BKBFS SNAPSHOT will help you:

- Improve profitability by paying close attention to cash flow related measurements.

How does BKBFS SNAPSHOT work?

BKBFS provides an on-line NDA which we both sign.

We have a brief meeting either in person or on-line to discuss your business and agree on what information you will provide. There is no charge for this meeting.

You send the information electronically. You also send your payment via credit card.

BKBFS will review and analyze the information and send you a report with conclusions and recommendations within forty-eight hours.

What does it cost?

- \$1,000.00 for a review of both the financials and the business plan.
- \$ 750.00 for a review of one or the other.
- Either or both include the report with conclusions and recommendations.
